Verse 1—Soloist

I lived heart on the wire

Hand in the fire for so long

Soloist, hi, med. & low melody

But You've shown me better

Soloist only: A new kind of love

Soloist & low melody:

It's ever the one I want

Pre-Chorus—Soloist, med. & low melody, hi harmony

I'm lifting You higher higher

There's nothing that I'd rather do

A sweet elevation of praises

There's no one I love more than You

Chorus 1—Soloist, hi, med. & low melody

I never knew a love like this before

The kind of life that I could not find on my own

I've seen the world

But I have never been so sure

That I want Your heart

(OH) I just want to be where You are

Where You are

I just want to be where You are

Verse 2—Soloist & med. melody

Your love

like nothing I've seen

My wildest of dreams don't come close

Add: hi & low melody

I've never known better

Add: med. harmony

Than living like this

I cannot resist You Lord

Pre-Chorus— Soloist, med. & low melody, hi harmony

I'm lifting You higher higher

There's nothing that I'd rather do

A sweet elevation of praises

There's no one I love more than You

Chorus 2—Soloist, hi, med. & low melody, med. harmony

I never knew a love like this before

The kind of life that I could not find on my own

I've seen the world

But I have never been so sure

That I want Your heart

ALL: (OH) I just want to be where You are

Where You are

I just want to be where You are

Where You are

I just want to be where You are

Bridge—Soloist, hi, med. & low melody

And after all this time

With You by my side

I can't imagine what it'd be like on my own

I've made up my heart

This love is all I've got

And You're the only one I know worth living for

Soloist, med. & hi harmony (replacing hi melody)

A sweet elevation of praises

ALL: There's no one I love more than You

Chorus 3—Soloist, hi, med. & low melody, med. harmony

I never knew a love like this before

The kind of life that I could not find on my own

I've seen the world

But I have never been so sure

That I want Your heart

ALL: (OH) I just want to be where You are

Where You are

I just want to be where You arre...

Where You are

I just want to be where You are
